BULLETIN

1

Basic Info

Organiser: Orientacijski klub Azimut

Event Director: Peter Tušar, office@cerkno-cup.com, ++386 40 533 285

IOF Event Adviser: Cesare Tarrabocchia, Italy

Time Taking: Silvij Močnik, Klemen Kenda

Entries: Peter Tušar, Lara Gantar

Host Town & Venue

Subalpine town of Cerkno, which is close to 2nd stage, is at the crossroads of many valleys originating in the mountains from 900m to 1600m above sea level. It has a rich cultural and natural heritage, which makes it a calm green tourist destination. If you prefer clean nature, peaceful hikes in the accessible mountains, digging into history of Neanderthal origins of music or humanity that prevailed among our inhabitants during the World War II, Cerkno is the place for you.

The 1st and 3rd stage are situated close to another beautiful and historically rich subalpine town of Idrija, known after the second largest mercury mine in the world and lace making.

<http://www.orienteeringonline.net/CompetitionBasicInfo.aspx?CompetitionID=4184>

Important notice for all elite runners: please register **ALSO** via IOF Eventor for middle WRE race (2nd stage).

Maps & Terrain

Terrain

Stages 1 and 3 will be held at traditional stony Slovenian karst terrains. Additionally, there might be some undergrowth which will reduce running speed and visibility (stage 3). Stage 2 will be organized at the mountain pass Kladje, terrain is hilly with many details. Runnability and visibility are very good.

Old maps

Additional info about terrains and old map samples can be obtained on the official web page:

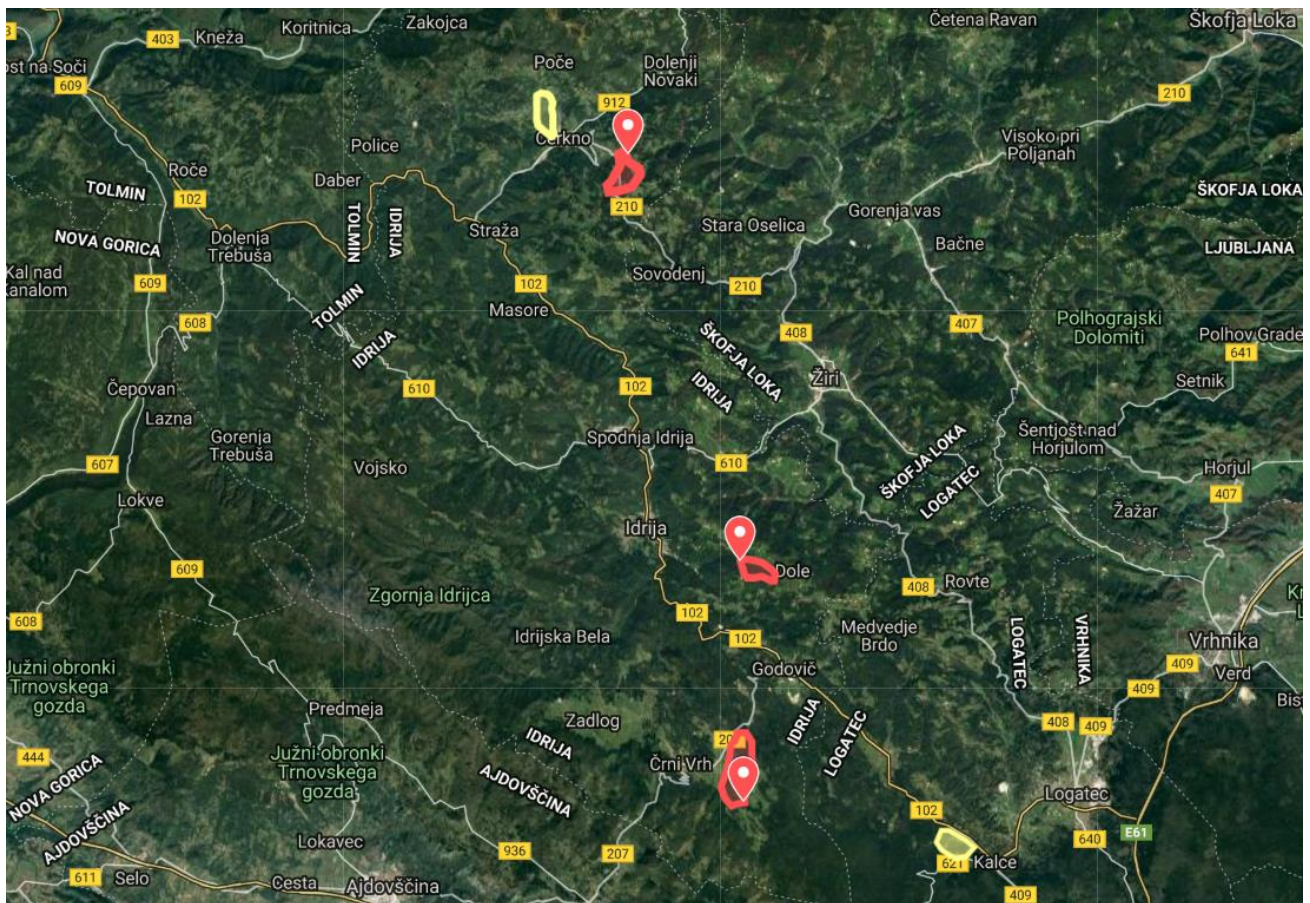

<http://www.cerkno-cup.com/>.

Overall Map

Cerkno is situated ~60km west of Ljubljana. It can be reached via Škofja Loka (north) or Idrija (south).

- Stage 1 is 15-minute drive from Cerkno,
- Stage 2 is 30-minute drive from Cerkno,
- Stage 3 is 45-minute drive from Cerkno.

Main road Idrija-Godovič will be unfortunately closed during the competition, due to road works. Detour is will be arranged through Dole.
